#### **DETAILED ACTION**

The response and the Declarations submitted by Applicant overcome the prior art rejection. However, a new ground of rejection is cited herein based on a further review the prior art.

Claims 9, 13, 17 and 39 are rejected under 35 U.S.C. 102(b) as being anticipated by WO 99/10165 of record on 1449.

The reference discloses a polyarylene ether based compound in that a sulfonic group is introduced to a polyarylene ether based polymer having a dioxybiphenylene unit (see Table 7, the third formula form the top).

Claims 1-8, 16 and 38 are allowed.

Claims 10-12 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
